Semi-weekly—Subscriptions per year, \$1. Subscriptions strictly in advance.

BULLETIN CO., LTD.  
DUNCAN MARSHALL,  
Manager.

WEDNESDAY, JANUARY 23, 1907.

## \$8,300 BONE

The fact that the Commissioners were in such a hurry to place the order for sewer pipes would appear to have cost the city the sum of \$8,300. With a difference like this between the two tenders it seems strange that a week should not have been spent in investigating the matter thoroughly. The mayor seemed particularly bent upon putting the matter through at once and remarked several times that if the council had no advice to give that the Commissioners were prepared to act upon their own responsibility. When the matter was referred back to the Commissioners to report upon this mayor reported off hand that the matter went through immediately.

It now transpires that the information in possession of the Commissioners was not only meagre but inaccurate. The city is out \$8,300. This is rather a bad start for the public business of the city for 1907.

## FLOUR FOR JAPAN

During the ten months of 1906, ending on Oct. 31st, the exports of flour from Canada to Japan amounted to \$61,240, as against \$47,154 during a similar period last year. This is an increase of nearly 40 per cent. and is very gratifying, but when we note that during these ten months the imports of wheat and flour into Japan amounted to \$3,081,622 we see a very great opportunity for the expansion of Canada's trade in that direction.

The importance of the oriental market to the wheat grower of the Canadian West is just beginning to be realized and no effort should be lost during the next few years to place Canadian flour and wheat upon the Japanese market which is large enough to be well worth cultivating.

## GET DOWN TO BUSINESS

If this city is to go before the Railway Commission again upon the railway questions of the city and the entrance of the C. P. R., it is to be prepared differently from what it was last time. The Railway Commission is a judicial body and has no interest in any past or present quarrels we may have had with any railway. Because some fool official of a railway at one time said that his company would make the grass grow on our city streets is fortunately not a sufficient reason for the Commission to discriminate against any one railway company, and such talk only serves to make the city ridiculous. The evidence of spite or bad feeling in a business matter is too small a performance for the city of Edmonton.

This winter has pretty clearly proven the necessity of more railways and a good deal better accommodation upon them. We want all the railways into this city that we can get and we want them now. It is up to the city council to prepare an agreement for the entrance of the C. P. R., make the basis a reasonable one and stand by it. We don't owe this city any particular debt of gratitude, but we owe it to the future of this city that all its possible shipping facilities should be given to the business men and given clearly and without any hidden strings on for quite a while. If the railway will not come in on a reasonable basis let it stay out, but a definite stand from which there will be no retreat should be taken.

## COLONEL RAN AND THE RIFLE

The Ross rifle seems to have come in for some criticism in Parliament recently as a weapon that falls short of being perfectly killing. If there is anything wrong with the Ross rifle public opinion will not come of it if it is down to Colonel Sam Hughes, who sat on the committee which looked at the gun and passed it. Colonel Sam ought to know everything about guns. He has talked about them all his life, and has used them when it was absolutely necessary.

Brigadier-General Otter was a member of the committee, but the Brigadier-General has had nothing to do with guns for a long time now, having been raised to the tactical mathematical class of warriors, who win battles by their brains, and who have only a detached interest in the firing line. Lieutenant-Colonel Anderson of the Marine and Fisheries Department was another member, but the gallant colonel has never shot anything fiercer than rapids, and is not in very close touch with musketry. Major Gaudet, of the R. C. A., has never had need to cannonade anything that offered more resistance than an opening of the Parliament of Canada. In short, Colonel Sam was the one man on that committee to whom we looked for skill, judgment, and, above all, experience, in lethal weapons.

In the South African campaign Colonel Sam, we remember reading, surrounded the Boer army, which subsequently escaped owing to the negligence of his man Turpin, who found the army too numerous to keep in line with a pocket pistol. On another occasion, at some Kop or other, Colonel Sam again hurled back the Boer hosts, but this time he was armed with a sword and one of his ringing newspaper articles. At neither place did he carry a rifle, but we did infer from his writings that one way and another he had forgotten more covered titles than most men ever knew.—Toronto Star.

## NOTES AND COMMENT

It is somewhat amusing to hear the dry council framing up an agreement that they are sure the C. P. R. will never assent to.

It was rather an impetuous time for the Board of Trade to ask for a third daily train between here and Calgary.

There will be half a dozen district judges to be appointed in this province after this session of the Legislature.

There is quite a general demand for a bounty on coyotes throughout the province. These animals are getting very numerous in some parts of Alberta.

The selection of a leader for the Opposition in the Ontario Legislature is a live topic in that province at present. Hon. A. G. MacKay or Hon. Geo. P. Graham will probably be chosen.

Calgary has a power scheme before the council. The newspapers are discussing it somewhat vigorously and as usual have to drag Edmonton into the discussion and praise Calgary's superiority over this city, what a pity this "superiority" needs so much said about it. When will the Calgary papers rise above the tactics of the Glasgow Chronicle.

A PRIZE OF \$5000  
Orange Meat is made of the best wheat. By a special process all the starch cells of the wheat are converted into wheat sugars. Analysis proves that "Orange Meat" contains over 40% of solid sugar.

No wonder it makes weak people strong and puts children into the Orange Meat Company will give \$5000 to the person sending in the largest number of coupons taken from the tin packages in addition to the valuable premiums. The coupons must be mailed or delivered on or before March 30th, 1907. Letters must reach the office of Orange Meat Co., Kingston, before April 9th, when the prize will be awarded.

TERribly DISTRESSING  
Nothing can cause more pain and more distress than Piles. Outcure and local treatments may relieve but cannot cure.

Dr. Leonard's Hem-Road is guaranteed to cure any case of Piles. If Hem-Road doesn't cure you, you get your money back.

Hem-Road is a tablet taken internally, thus removing the cause of the trouble. \$5.00 at all dealers or The Wilson-Pyle Co., Limited, Niagara Falls, Ont.

# CITY COUNCIL A BUSY SESSION C. W. Sutter Is Awarded Damages—City Will Employ Collector—City Solicitor Gives Disturbing Opinion With Regard to the Right to Close Lanes —Block 9 Property Holders Petition for Switch Laid Over

Last night's council meeting got through with an immense amount of routine work touching on several points of policy. The C. W. Sutter case was taken up, but a special meeting was set for Friday night at which the council will endeavor to formulate the city's demands in this respect.

Under the head of routine John Walter was granted a license for a ferry to the Saskatchewan for 1907.

The newly-appointed secretary of the council, Charles H. Thompson, was sworn in at his appointment.

The issue of the 28 lot adjoining the Chinatown block was taken up, and it was suffering loss on account of a fence having been built on the lot.

The council was informed that a couple of complaints against the assessment were also referred to the commissioners for report.

A claim of C. W. Sutter against the city on account of damages sustained by a drain in an open ditch was presented. The claim was for \$100, which covered mostly damage to his and damage to the street and to his taking on account of personal damage. The solicitor recommended that the claim be paid and the amount charged to the contractor, Mr. Graham, as a result from the construction.

The council showed that it was through the care of the city that the property was damaged in the ditch that was the subject of the claim. It was along these lines that the council was divided.

The property owners of block 9, H. B. H. applied for a switch.

Alderman Daily asked if a man owned a block had he the right to close the lane in the block.

The city solicitor replied that in his opinion he had.

The point of the question was that the petition was from property-holders in the block between the street and the lane, which is south of that occupied by W. H. Clark's lumber yard. Mr. Clark's consent was not shown in the petition for a switch.

To a further question, the solicitor said that the city might take such action before a lane was closed as to prevent it being closed; it might be declared a highway by the execution of public works thereon.

Alderman Fisher asked if Mr. Clark had a right to stop the petitioners who were now endeavoring to get a switch down the lane through their property, would the city then be under an obligation to carry out the petitioners' request in a right line through the lane for the city to expatriate the lane.

The major answered that by virtue of the fact that Mr. Clark had purchased the block from the Hudson's Bay Co. before that part of the city was surveyed, there had never been any lane there.

On the broader question as to whether a lane closed by the owners of a block could be kept open against the city, the solicitor gave it as his opinion that they could.

The whole question was turned over to the city commissioners and solicitor for report.

Under the head of reports, the commissioners reported that the handling of money had now become such a large affair in the city hall that the appointment of a collector was a matter of necessity.

Alderman Daily and Alderman McCauley objected that they had already passed a resolution to the effect that they would do the work. They stated that they had named the salary at \$2000 with the purpose that the council should be able to pay the collector, and they claimed that there were more men in the city than any one man could do.

There was a question as to the house under which the money was received should be paid. The council in this case has been divided and the council should be able to pay the collector, and they claimed that there were more men in the city than any one man could do.

The council was recommended that in view of a possible rise in the rate of the city hall, the council should be able to pay the collector, and they claimed that there were more men in the city than any one man could do.

Mr. Mitchell's report on water power commission was taken up, and the council recommended that the purchase of a set of practical works at a cost of \$100, and the council should be able to pay the collector, and they claimed that there were more men in the city than any one man could do.

The council recommended that the purchase of a set of practical works at a cost of \$100, and the council should be able to pay the collector, and they claimed that there were more men in the city than any one man could do.

The council recommended that the purchase of a set of practical works at a cost of \$100, and the council should be able to pay the collector, and they claimed that there were more men in the city than any one man could do.

The council recommended that the purchase of a set of practical works at a cost of \$100, and the council should be able to pay the collector, and they claimed that there were more men in the city than any one man could do.

Alderman McCauley asked what were the terms of the different sizes of water pipe ordered and what were the prices of the concrete pipe.

Alderman Daily asked if the water was to be let into the main trunk sewer, how was the storm water to be separated from the sewage water and it entered the aquatic tank.

Alderman Garvey asked if any arrangements were being made for an exhibition this year.

The mayor replied that the city was in communication with the directors of last year's exhibition and the secretary of the board of trade with a view to an exhibition this year.

In this connection Alderman Fisher asked if it was the intention of the city to retain the grounds as a park and exhibition ground.

The mayor said that that was a matter entirely in the hands of the council.

Alderman Daily said that he would like to make a motion to sell the grounds, as they were too small for the purpose, and that another ground be purchased.

Alderman Anderson seconded the motion.

Alderman Smith said that they already had a suitable ground in the east end park.

Alderman Fisher recommended that at least a part of it be retained for the purpose of any fair, he advised that nothing be done hurriedly.

The mayor pointed out that the exhibition would have to be held three days, and that the grounds there was no advantage in taking suit at the present time.

The motion to sell the property was voted down.

Alderman Garvey moved that a committee of three be appointed to confer with a committee of the board of trade for the purpose of bringing the exhibition proposal to a focus. The motion was carried and Alderman Smith, Walter and Daily assented.

Alderman Fisher moved that the federal and local governments be approached with a view to obtaining assistance for the high level bridge.

Alderman Garvey asked that a copy be made of the report of the committee by the council be placed in the hands of the Aldermen. The request was granted.

# Announcement of Amalgamation

## OF The Douglas Co., Limited, AND The Western Printing Co.

**IN** view of the fact that the Stationery and Printing Business are so closely identified, the one being the compliment of the other, it has been decided to unite and combine forces in one large business to be better able to meet the many requirements of the trade in both the Printing and Stationery Business. It is the purpose of the New Firm to carry on a First Class WHOLESALE and RETAIL STATIONERY, PRINTING, PUBLISHING and BOOK MANUFACTURING BUSINESS in all its various branches.

For the present each Business will be carried on in their present respective premises, but under the Firm Name of "THE DOUGLAS CO., LIMITED, PRINTERS, BOOK-BINDERS, STATIONERS," etc.

The New Firm assumes all Liabilities, and will receive all open accounts due the Western Printing Co.

We take this opportunity to convey to the Trade our sincere thanks for the patronage extended to us during the past, and the kindly forbearance shown us in our frequent short-comings, and trust you will give the New Firm a continuance of your patronage, which they will appreciate.

### Let me show you why you, personally, can make money with a PEERLESS Incubator

**I Take Most of the Risk**

There is money in raising poultry, big money. Why can't you get some of it?

You can; and I know you can, if you make the right start. I am so sure you can that I will outfit you to start without your paying me a cent beforehand.

No philanthropy about it—just plain business with me. I mean exactly what I say when I propose to do just this:

I will furnish what you need to start with, and you needn't pay for it until it has paid for itself twice over, at least. This is the idea.

Tell me who you are, to begin with. Then I will show you where the profit in poultry really is, and that you can get as big a share of it as you desire.

When I have satisfied you on that, just tell me you are ready to start after that profit, and—

I will ship you a Peerless Incubator, and a Peerless Brooder—or just the incubator alone.

**I will pay the freight charges.**

I will tell you how to run the incubator and run it right.

I will stand right back of you all the time, tell you anything you want to know about poultry-raising, find a good market for any poultry you want to sell, act as your expert adviser, and leave the profit for you.

All I ask you to do is to promise to pay me for what I ship you, after it has had time to earn twice its cost and more.

**I will give you any time you want to pay in—three years, if you say so**

I will guarantee everything about the incubator to be all right. I will take just about all the risk, in fact, to do is to promise to pay me, and use common-sense and a little energy, and that's your part of it.

**The Lee-Hudgins Co., Limited, 162 Pembroke St., Pembroke, Ontario**

To see a Lee-Hudgins Co. Western orders will be shipped from our Winnipeg warehouse; but all orders ought to be sent to Pembroke.

years' incubator-running has taught them, and who have left out of the Peerless everything that makes other incubators give trouble and waste money. It hatches hearty, sturdy, sure-to-grow chicks, because it is properly ventilated, because it hasn't any moisture problem, because it uses heat in the only way that is certainly right.

I can show you why that is so, if you will ask me to, can't you do it here, because there's no room. Tell me you'd like to know why the Peerless Way Makes Poultry Pay. I will see that you get the facts. Write and ask today.

### Watch the Want Column

## RHEUMATISM

**Yields to  
Zam-Buk**

Not only is Zam-Buk unequalled as a healer of skin injuries and diseases, but it is an excellent embrocation, and speedy reliever of rheumatism, sciatica, stiffness sprains, etc. Its penetrating powers are great and it searches to the very seat of the disease. In many cases it has been found to relieve muscular rheumatism when all else failed. To farmers and out-door workers generally who are subjected to cold and damp, and contract rheumatism so frequently, Zam-Buk is invaluable. A few minutes' trouble spent in briskly rubbing it in on an aching limb or muscle is rewarded by a warm glow in the member and relief from pain. Write for free sample box and prove its merit at our expense. Send 1 cent stamp for postage.

**A LADY'S GRATEFUL TESTIMONY**

From East and West of this vast continent, evidence is daily forthcoming of the value of Zam-Buk as a cure for rheumatism and similar troubles. Mrs. John Robinson, of Swan Valley, Man., says:—"I have proved Zam-Buk to be all that it is represented. I tried it for rheumatism and the effects were so fine that I would not now like to be without it. You can publish this in the interests of other sufferers if you care. Embroid your will send order for a further supply of Zam-Buk."

**WE OFFER YOU A TRIAL BOX**

Send one cent stamp with the name and state of the paper to Zam-Buk Co., Toronto, and we will mail you a free trial box of Zam-Buk and a descriptive booklet.

#### LEGISLATIVE ASSEMBLY OF THE PROVINCE OF ALBERTA.

##### Extracts from the Rules Relating to Private Bills.

22. All applications for Private Bills, properly the subject of legislation by the Legislative Assembly of Alberta, within the purview of "The British North America Act, 1867," whether for the erection of a bridge, the making of a railroad, tramway, turnpike road, telegraph or telephone line, the construction or improvement of a harbour, canal, lock, dam, slide or other like work; the granting of a right of ferry; the incorporation of any particular trade, or calling, or of any joint stock company; or otherwise for granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing, which in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a notice, clearly and distinctly specifying the

nature and object of the application, and when the application refers to any proposed work, indicating generally the location of the work; and signed by or on behalf of the applicant, such notice to be published, during two months, between the close of the next preceding Session and the time of the consideration of the petition, in four issues of The Alberta Gazette, and of one other newspaper, published in English; and within two months from the first appearance of such notice in The Alberta Gazette two copies of the said Bill, with a receipt from the Provincial Treasurer for the sum of one hundred dollars, if the said Bill does not exceed ten pages, and ten dollars additional for each page over that number, and for the purposes of this Rule 46 words shall be held to constitute a bill incorporating a company, a receipt from the Registrar of Joint Stock Companies for such sum would be payable by the applicant or applicants for the incorporation of a company with a similar capitalization to the capitalization of the company sought to be incorporated by such bill, shall be placed by the applicant

in the hands of the Clerk of the House, whose duty it shall be to get the said Bill printed forthwith. Copies of the newspapers containing the first and last insertion of such notice shall be sent by the parties inserting such notice to the Clerk of the House, to be filed amongst the records of the Committee on Standing Orders.

J. B. COWELL,  
Clerk of the Legislative Assembly.

#### GOVERNMENT OF THE PROVINCE OF SASKATCHEWAN.

**Public Works Department.**

Sealed tenders will be received up to 4.30 p.m. of MONDAY, February 11th, 1907, for the erection of a Land Title Office Building at Regina, Saskatchewan.

The building will be about 50 ft. x 30 ft., reinforced concrete framed construction, steel frame rising and two stories in height and other details to match this style of work.

The plumbing, heating and ventilating and electric light wiring will not be included in this contract.

Each tender must be accompanied by an accepted cheque or other satisfactory deposit for the amount of \$5,000.00.

This deposit will be forfeited if the tenderer fails to execute the contract and bond when requested, and will be returned when the contract and bond is signed and the work is commenced.

The deposit of unsuccessful tenderers will be returned when the contract is signed.

The right to reject any or all tenders and to waive any defects or irregularities therein is to be at the discretion of the Commissioner of Public Works.

Plans, specifications, form of tender and all information may be obtained on application to the undersigned.

The unauthorized insertion of this advertisement will not be paid for.

F. J. ROBINSON,  
Deputy Commissioner of Public Works.  
Regina, Dec. 24th, 1906.
